NEW ELECTRIC RATES SOUGHT BY LIGHT CO.

PETITION FILED WITH PSC
FOR APPROVAL OF
NEW SCHEDULE

Public Service Company of Indiana filed a petition today with the Public Service Commission seeking approval of new electric rate schedules. The revised rates would improve net operating income about \$1,900,000 per year, which is after deducting \$2,100,000 for taxes, principally federal income tax. The estimated increase is less than 6 1/2 per cent of the company's gross revenues.

In making its application, the company emphasized that the rate revisions are essential to maintain adequate service to its customers and to preserve the confidence necessary to attract additional investment in the company's securities and to interest present investors in retaining their holdings in the company.

The proposed revisions do not involve wholesale contracts to municipalities and REMCs.

R. A. Gallagher, president, stated "The rising cost levels of materials, coal and other supplies required by the company for its operations, and the high federal taxes paid by the company have resulted in the company's net earnings showing a constantly declining percentage relationship to the investment in its electric utility plant in service. This is in spite of improved efficiencies and economies effected by the company and also in spite of greatly increased customer use of electricity.

Mr. Gallagher also pointed out that, during the 14-year period ended December 31, 1954, the number of customers served by Public Service Company has grown from 228,303 to 344,856, with a corresponding kilowatt-hour sales increase from 949,357,786 kilowatt-hours in 1941 to 3,607,786,000 kilowatt-hours in 1954.

"Even in the face of rapidly increasing costs during the post-war period and the high level of tax burden, the company has been able, up until now, to avoid any general upward revision of its rates. On the contrary the company has reduced rates at various times. This was made possible by operating efficiencies and the increased use of electricity. The average cost per kilowatt-hour for domestic service has dropped from 4.71c in 1940 to 2.83c in 1954, a decrease of 39.92 per cent."

Mr. Gallagher also stated that the company has expended more than \$277,000,000 for gross additions to its property during the 14-year period. During this same period the installed generating capacity of the company has been increased from 149,904 to 833,200 kilowatts. An additional unit of 125,000 kilowatts is now under construction at the company's new Wabash River Station, and an additional 300,000 kilowatts are to be provided by the company at its new generating station near New Albany before the end of 1958. Mr. Gallagher further stated that during the last three years gross additions to the company's plant and property have averaged over \$33,000,000 a year, and that the company's construction requirements for 1955 through 1958 are estimated at a total of more than \$150,000,000.

BUSY SCHEDULE AT UNIVERSITY THIS WEEK-END

MAY DAY AND MOTHER'S
DAY TO BE OBSERVED
AT DEPAUW

Hundreds of DePauw University mothers will arrive on the campus Friday, for the beginning of a crowded May Day-Mother's Day weekend.

University students left few hours unfilled when they prepared the three-day schedule, and most of the mothers will find it impractical to attempt all of the events.

The big day will be Saturday, which leads off with the traditional YWCA breakfast at 8 a. m. in Bowman Gymnasium, where the coed leadership group, Mortar Board, will cap its newest members.

Also scheduled for Saturday morning is the Kappa Pi art auction at 10:15; and the program resumes at 2 p. m. with the fourth annual President's Review of the Air Force ROTC unit.

One of the day's highlights will be the traditional May Day Pageant, beginning on Blackstock Field at 2:40 and featuring the crowning of the May Day queen.

A reception has been planned by the Student Union for 4:15, and after dinner the mothers will have their choice of "The Little Theater play, "Lute Song"; a popular choral concert by the Collegians; or a variety show in the Student Union.

During the previous evening, early guests will be treated to an aquatic performance of "Swan Lake" by Naiad, coed swimming honorary, and the annual Women's Recreation Association sing.

Also scheduled for Friday are other performances of "Lute Song" and the Student Union's show, "Mother Was A Coed."

Flexible Farm Price Vote Due

The House moved toward a show down vote today on a Democratic effort to kill the administration's program of flexible farm price supports. Both sides conceded the vote would be close.

The Senate, meanwhile, convened 90 minutes earlier than usual for a third day of debate on the President's liberalized foreign trade program. Democratic Leader Lyndon B. Johnson, D-Tex., hoped for a final vote today or Thursday.

The farm bill would restore price supports at 90 per cent of parity for the five basic crops through 1957. Under the flexible program now in effect, supports can vary from 82 1/2 to 90 per cent this year and 75-90 per cent next year, depending on supplies.

Democratic farm leaders predicted they would pick up enough votes from city Democrats to pass the farm bill despite overwhelming Republican opposition. But Republican Whip Leslie C. Arends, Ill., said the vote would "be nip and tuck... too close to predict."

4 Students In Speech Finals

Four DePauw University students will compete in the finals of the school's annual Margaret Noble Lee speech contest here Friday morning.

The contest, established in 1927 by Edward T. Lee, dean of the John Marshall Law School, Chicago, to promote extemporaneous speaking, will be held at 10 a. m. in Meharry Hall.

Finalists are Robert Neal, Greencastle; Don Hake, Terre Haute; James Zachritz, Cincinnati, O.; and John Schneider, Dayton, O.

Director of the competition, which Dean Lee endowed in memory of his daughter, a DePauw alumna, is Dr. Forrest Seal, associate director of speech and director of forensics.

EXTRA!

LAS VEGAS, Nev., May 4.—(UP)—The Atomic Energy Commission postponed until Thursday a big atomic blast scheduled as a civil defense preparedness test.

The AEC said adverse winds forced postponement of the test for the ninth straight day. The test is now scheduled for shortly after 8 a. m. EDT Thursday. A weather evaluation will be held at 1:30 today to determine if weather conditions will permit holding the test.

WASHINGTON, May 4.—The United States plans high level talks with France in an effort to find a common policy for dealing with the Vietnamese crisis, informed sources said today.

The talks will come when Secretary of State John Foster Dulles flies to Paris Friday for meetings with the French and British foreign secretaries.

WASHINGTON, May 4.—The Administration picked up support among the nation's governors today for its program of voluntary controls on distribution of the Salk polio vaccine. But there were demands that the program be speeded up.

Health Secretary Oveta Culp Hobby briefed the governors on the vaccine situation as a closed conference Tuesday.

WASHINGTON, May 4.—The government has earmarked \$26,500,000 for school construction in 29 states to relieve overcrowded conditions caused by federal installations, it was announced today.

The money will be the first distributed from a 70 million dollar fund set up by congress and approved by Pres. Eisenhower a few days ago.

LONDON, May 4.—Strikes and the threat of strikes shook London today into a top election issue that could embarrass the government of Prime Minister Anthony Eden in the forthcoming general elections.

With the elections only 22 days away, a growing strike which has idled 44,600 Yorkshire coal miners threatened to increase to 100,000 men by the end of the day and force a stoppage throughout the vast south Yorkshire coalfield. The strike was for a wage increase.

KANSAS CITY, Kans., May 4.—(UP)—Airman Eugene B. Rhodes, 19, Indianapolis, and two other persons were killed Tuesday when their car failed to make a curve near here and plunged into a tavern barbecue pit.

Rhodes and the two other victims, Airman Joseph Coleman, 20, Portage, Pa., and Jimmy L. Byrne, 18, Starucka, Pa., were stationed at Forbes Air Force Base, Topeka, Kans.

VIENNA, Austria, April 4.—(UP)—The five power conference writing a state treaty for Austria skipped over two major stumbling blocks today and took up a third-Soviet demands for huge economic concessions from Austria as its price for freedom.

The conference, in a long session described as "unpleasant," was unable to agree Tuesday on Soviet demands that the treaty provide for the return of 36,000 anti-Communist refugees, and on the size of a defense army for a free and independent Austria.

It was believed these and other possible stumbling blocks may have to be left up to the Big Four foreign ministers for settlement. Neither the Soviet nor the West showed signs of backing down on either. The United States was reported strongly opposed to "selling out" the refugees.

WASHINGTON, May 4.—(UP)—Thirteen transfer and storage companies, including three Indianapolis firms, and six individuals today were under federal indictment on charges of conspiring to fix prices and eliminate competition.

The Hoosier firms were Aero Mayflower Transit Co., American Red Ball Transit Co., and North American Van Lines.

Attorney General Herbert Brownell Jr. said the alleged conspiracy involved transportation

SECOND ROUND OF POLIO SHOTS NOT DEFINITE

INOCULATION WITH SALK
VACCINE TENTATIVELY
SET FOR MAY 18

The second round of Dr. Salk's free anti-polio vaccine shots for first and second grade pupils of Putnam county, tentatively set for Wednesday, May 18, is still indefinite it was announced this morning.

The second round of inoculations had been scheduled as early as next week in many Indiana cities but this step may be postponed because of a vaccine shortage.

An Indianapolis report from a spokesman at Eli Lilly Co., which supplied the vaccine to the National Foundation for Infantile Paralysis to inoculate Hoosier first and second graders in the mid-April round said:

"Unless the picture changes very quickly, we feel there will be no vaccinating in Indiana on May 9 so far as the Salk vaccine is concerned," the spokesman said.

He warned a sufficient quantity of vaccine may not be tested and cleared for shipment until late May.

Indiana school officials had hoped to get started on the second round next week because classes in many smaller communities close for summer vacation in mid-May.

Women Sponsor Meeting Tuesday

The American Association of University Women and the League of Women Voters will join in bringing to Greencastle Mr. Lakshman Karayalar of Tamil, India, for a meeting in the Episcopal Parish House, corner of Bloomington and Seminary, on Tuesday, May 10, at 8 p. m. A graduate of Madras University in 1930, he practiced law, entering politics in 1935 and is a former state chairman of the Congress Party of India. Mr. Karayalar has directed Congress party activities on all levels in Tamil and is politically powerful there. Although he has traveled extensively in the East, especially in Indonesia, Malaysia, and Thailand, this is Mr. Karayalar's first trip to the West. He is particularly interested in observing American education and politics.

A fascinating and worthwhile speaker, Mr. Karayalar will have as his subject "India's Position in the Modern World" and following his talk he will have a question and answer period. This will be an unusual opportunity for the people of our community to hear an interesting and informative discussion of the Indian problem.

Mayor Carroll O. Beeson was re-nominated for that office by Crawfordville Republicans in Tuesday's primary. Roth was second with 717 votes.

TRACK MEET FRIDAY

A showdown between the state's two small college track powers will take place here Friday afternoon when DePauw and Ball State meet on the Tigers' Blacks.

Field events will begin at 3:30, and the first track event, at 4.

Neither squad has lost a dual meet this season, although the Cardinals' depth has been more impressive. Ball State dumped Wabash, 77 1/2 to 44 1/2, and DePauw took a 74 1/2-56 1/2 decision from the same opponent.

TWO ATHLETIC EVENTS

One of Indiana's oldest college rivalries will get a double workout here Thursday when DePauw and Wabash meet both in tennis and baseball.

Tennis will begin at 1 p. m. on the Bowman courts, and the baseball game on Blackstock Field at 3:30.

On the baseball side of the ledger, Jack Morton's Bengals will be out to avenge a 7-4 loss inflicted by Wabash last week in

Crawfordsville. Thursday's diamond contest will be the final non-conference affair of the season for DePauw, with seven straight ICC titles finishing off the Tigers' 1955 schedule.

The local tennis team has a top-heavy win record this season, winning nine of its first 10 matches and suffering its only loss at the hands of Illinois' powerful netters.

TIGERS DEFEATED

After holding a 4-0 lead in the fourth, DePauw dropped a 6-5 conference baseball game yesterday afternoon at St. Joseph's.

Al Phillips relieved starter George Halfmann for the Bengals in the sixth and gave up the winning Puma runs in the ninth. It was Phillips' first loss of the season.

St. Joe scored twice in the final frame on a single by Bob Wasni, a triple by Bob Hamman, and the game-winning one-bagger by Jim Gatza.

Walt Martens collected three hits, including a double to pace the DePauw attack.

You'll feel like a pilot

without leaving the ground

It's The Hardtop with Four Doors!

Here's the new hit in hard-tops that's taking the country by storm—Buick's pioneering and pace-setting 4-Door Riviera. The "convertible" look, with no center posts in the side-window areas—but with separate doors for rear-seat passengers. Shown here in the low-price SPECIAL model—also available in the high-powered CENTURY Series. Both now in volume production to insure prompt deliveries.

Just wait till you switch the pitch of Buick's new Dynaflow*!

How would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?

How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off?

And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response?

It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.*

Not only do you take command of record-high Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile.

You also call the turn on twenty propeller-like blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller.

You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly.

Don't take our word alone that this is thrilling beyond all previous experience.

Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?

*Dynaflow Drive is standard on Roadmaster, optional extra cost on other Series.

It's Performance That Counts!

CAPTAIN I. R. OLSON tells why he uses Flite-Fuel

"I'm a Captain for Continental Air Lines. We use Phillips 66 Aviation Gasoline regularly in our airplanes. It contains the super-power component Di-isopropyl, and that makes it a very high performance fuel. "In my car, I like to get the best performance possible so I use Phillips 66 FLITE-FUEL. It's the only automobile gasoline that contains

added Di-isopropyl. It gives me what I want... power, smoothness and long mileage."
